

CO2-NEUTRAL "GAS"

CO2logic certifies that

MEGA

is conscious of its CO2 emissions and by supporting certified climate projects, has offset 1.908,1 tCO2e. This corresponds to the offsetting of its ecogas for Fiscal Year 2018, from January to June. Achieving CO2-Neutrality by obtaining this CO2-NEUTRAL label in line with the PAS 2060, the international standard for CO2-Neutrality, is a guarantee for credible climate action.

Belgium

Individual Transaction Certificate N° 18/211
Certification cycle start date: 08/08/2018
Certification end date: 07/08/2019

CO2-Neutrality & the "CO2 NEUTRAL" label are reviewed and validated by Vincotte, an independent international certifying authority. Through in-depth audits, Vincotte controls the implementation of the CO2logic approach: calculate, reduce & offset CO2 emissions. All CO2-NEUTRAL companies, organisations, entities, services or products must undergo the same approach in order to achieve any "CO2 NEUTRAL" status. This approach is in line with the PAS2060, the international standard for CO2 neutrality by the British Standard Institute (BSI).
